

2024/1727

21.6.2024

COMMISSION IMPLEMENTING REGULATION (EU) 2024/1727

of 20 June 2024

withdrawing from the market certain feed additives

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition ⁽¹⁾, and in particular Article 10(5) thereof,

Whereas:

- (1) Regulation (EC) No 1831/2003 provides for the authorisation of additives for use in animal nutrition and for the grounds and procedures for granting such authorisation. In particular, Article 10(2) of that Regulation provides rules for the re-evaluation of additives authorised pursuant to Council Directive 70/524/EEC ⁽²⁾.
- (2) Article 10(5) of Regulation (EC) No 1831/2003 imposes an obligation on the Commission to adopt a Regulation requiring the withdrawal from the market of feed additives for which no applications as required by Article 10(2) of Regulation (EC) No 1831/2003 were submitted before the deadline provided for in that provision. Similarly, a Regulation should be adopted concerning feed additives for which an application was submitted but subsequently withdrawn.
- (3) Therefore, the feed additives as listed in the Annex should be withdrawn from the market.
- (4) In the case of feed additives for which applications have been submitted only for certain animal species or categories, or applications have been withdrawn only for certain animal species or categories, the withdrawal from the market should only concern the animal species and categories for which no application has been submitted or for which the application has been withdrawn.
- (5) It is appropriate to allow for a transitional period within which existing stocks of the additives concerned, premixtures, compound feed and feed materials which have been produced with those additives may be used up in respect of the animal species and categories for which the withdrawal from the market is required, in order to allow interested parties to adapt to the obligation to withdraw those products from the market.
- (6) The withdrawal from the market of the products listed in the Annex does not prevent them from being authorised or from being subject to a measure concerning their status in accordance with Regulation (EC) No 1831/2003.
- (7) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

⁽¹⁾ OJ L 268, 18.10.2003, p. 29, ELI: <http://data.europa.eu/eli/reg/2003/1831/2021-03-27>.

⁽²⁾ Council Directive 70/524/EEC of 23 November 1970 concerning additives in feedingstuffs (OJ L 270, 14.12.1970, p. 1, ELI: <http://data.europa.eu/eli/dir/1970/524/2003-03-31>).

HAS ADOPTED THIS REGULATION:

Article 1

Withdrawal from the market

The feed additives specified in the Annex, as authorised pursuant to Directive 70/524/EEC, shall be withdrawn from the market in respect of the animal species and categories mentioned in that Annex.

Article 2

Transitional measures

1. Existing stocks of the feed additives referred to in Article 1 may continue to be placed on the market and used until 11 July 2025.
2. Premixtures produced with the feed additives referred to in paragraph 1 may continue to be placed on the market and used until 11 October 2025.
3. Compound feed and feed materials produced with the feed additives referred to in paragraph 1 or with the premixtures referred to in paragraph 2 may continue to be placed on the market and used until 11 July 2026.

Article 3

Entry into force

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 June 2024.

For the Commission
The President
Ursula VON DER LEYEN

ANNEX

Feed additives to be withdrawn from the market, as referred to in Article 1

PART 1

Feed additives to be withdrawn from the market for all animal species and categories

Identification number	Additive	Animal species or category
Flavouring and appetising substances		
Natural products – botanically defined		
	<i>Citrus sinensis</i> (L.) Osbeck = <i>Citrus sinensis</i> (L.) Pers. = <i>Citrus aurantium</i> L. var. <i>dulcis</i>: Folded orange oil CAS 8028-48-6 FEMA 2822, other than the following forms ⁽¹⁾: — characterised by a non-volatile fraction of 10,5 %, a d-Limonene content of 89-96 % in the volatile fraction and a perillaldehyde content < 0,3 % in the volatile fraction [2b143-f], — characterised by a non-volatile fraction of 20,9 %, a d-Limonene content of 79-89 % in the volatile fraction and a perillaldehyde content < 0,6 % in the volatile fraction [2b143-f-i], — characterised by a non-volatile fraction of 18 %, a d-Limonene content of 85-95 % in the volatile fraction and absence of perillaldehyde in the volatile fraction [2b143-f-ii].	All species
	<i>Echinacea angustifolia</i> DC.: Blacksamson echinacea tincture	All species
	<i>Hypericum perforatum</i> L.: St. John's wort tincture CoE 234	All species
	<i>Linum usitatissimum</i> L.: Linseed tincture CoE 263	All species
	<i>Thymus mastichina</i> L.: Spanish marjoram oil CAS 8016-33-9 EINECS 284-294-8	All species

PART 2

Feed additives to be withdrawn from the market for certain animal species and categories

Identification number	Additive	Animal species or category
Preservatives		
E 270	Lactic acid	Ruminants with a non-functional rumen

⁽¹⁾ Three forms of folded orange oil [2b143-f, 2b143-f-i and 2b143-f-ii] have been authorised by Commission Implementing Regulation (EU) 2022/1421 of 22 August 2022 concerning the authorisation of expressed orange essential oil, distilled orange essential oil and folded orange oils from *Citrus sinensis* (L.) Osbeck as feed additives for certain animal species (OJ L 218, 23.8.2022, p. 27, ELI: http://data.europa.eu/eli/reg_impl/2022/1421/oj).

E 295	Ammonium formate	Laying hens, sows, dairy ruminants, pet and non-food producing animals
E 327	Calcium lactate	Ruminants with a non-functional rumen
Colourants, including pigments		
Other colourants		
E 127	Erythrosine [functional group 2 a (i)]	Ornamental fish and reptiles
Flavouring and appetising substances		
Natural products – botanically defined		
	<i>Anethum graveolens</i> L.: Dill herb essential oil CAS 8006-75-5 FEMA 2383 CoE 42 EINECS 289-790-8	All animal species with the exception of dogs and cats
	<i>Angelica sinensis</i> (Oliv.) Diels: Dong quai tincture	All animal species with the exception of horses, dogs and cats
	<i>Boswellia serrata</i> Roxb. ex Colebr.: Olibanum extract	All animal species with the exception of horses and dogs
	<i>Citrus aurantiifolia</i> (Christm.) Swingle: Distilled lime essential oil	Dogs, cats, ornamental fish and ornamental birds
	<i>Citrus aurantium</i> L.: Petitgrain bigarade essential oil CAS 8014- 17-3 EINECS 283-881-6 FEMA 2855 CoE 136	All animal species with the exception of chickens for fattening, laying hens, turkeys for fattening, pigs for fattening, piglets, lactating sows, calves, dairy cows, cattle for fattening, sheep/goats, horses, rabbits, salmonids, dogs, cats and ornamental fish
	<i>Citrus x aurantium</i> L.: Bitter orange extract	Dogs, cats, ornamental fish and ornamental birds
	<i>Citrus limon</i> (L.) Osbeck: Expressed lemon essential oil	Dogs, cats, ornamental fish and ornamental birds

	<i>Citrus limon</i> (L.) Osbeck: Residual fraction of expressed lemon oil distilled	Dogs, cats, ornamental fish and ornamental birds
	<i>Citrus reticulata</i> Blanco.: Expressed mandarin essential oil	Dogs, cats, ornamental fish and ornamental birds
	<i>Citrus sinensis</i> (L.) Osbeck = <i>Citrus sinensis</i> (L.) Pers. = <i>Citrus aurantium</i> L. var. <i>dulcis</i> : Distilled orange essential oil	Dogs, cats, ornamental fish and ornamental birds
	<i>Citrus sinensis</i> (L.) Osbeck = <i>Citrus sinensis</i> (L.) Pers. = <i>Citrus aurantium</i> L. var. <i>dulcis</i> : Expressed orange essential oil	Dogs, cats, ornamental fish and ornamental birds
	<i>Citrus sinensis</i> (L.) Osbeck = <i>Citrus sinensis</i> (L.) Pers. = <i>Citrus aurantium</i> L. var. <i>dulcis</i>: Folded orange oil CAS 8028-48-6 FEMA 2822, in the following forms which have been authorised for certain animal species ⁽²⁾: — characterised by a non-volatile fraction of 10,5 %, a d-Limonene content of 89-96 % in the volatile fraction and a perillaldehyde content < 0,3 % in the volatile fraction, — characterised by a non-volatile fraction of 20,9 %, a d-Limonene content of 79-89 % in the volatile fraction and a perillaldehyde content < 0,6 % in the volatile fraction, — characterised by a non-volatile fraction of 18 %, a d-Limonene content of 85-95 % in the volatile fraction and absence of perillaldehyde in the volatile fraction.	— Dogs, cats, ornamental fish and ornamental birds — Dogs, cats, ornamental fish and ornamental birds — Horses, rabbits, dogs, cats, ornamental fish and ornamental birds
	<i>Curcuma longa</i> L.: Turmeric tincture	All animal species with the exception of horses and dogs
	<i>Eleutherococcus senticosus</i> (Rupr. et Maxim.) Maxim.: Taiga root tincture	All animal species with the exception of horses, dogs and cats
	<i>Ferula assa-foetida</i> L.: Asafoetida oil CAS 9000-04-8 FEMA 2108 CoE 196	All animal species with the exception of dogs and cats

⁽²⁾ Three forms of folded orange oil [2b143-f, 2b143-f-i and 2b143-f-ii] have been authorised by Commission Implementing Regulation (EU) 2022/1421.

	<i>Litsea cubeba</i> (Lour.) Pers.: Litsea berry essential oil CAS 68855-99-2 EINECS 290-018-7 FEMA 3846 CoE 491	All animal species with the exception of chickens for fattening, laying hens, turkeys for fattening, pigs for fattening, piglets, lactating sows, calves, dairy cows, cattle for fattening, sheep/goats, horses, rabbits, salmonids, dogs, cats and ornamental fish
	<i>Panax ginseng</i> C. A. Mey.: Ginseng tincture CoE 318	All animal species with the exception of horses, dogs and cats
	<i>Piper nigrum</i> L.: Black pepper supercritical extract	All animal species with the exception of dogs and cats
	<i>Schisandra chinensis</i> (Turcz.) Baill: Omicha tincture	All animal species with the exception of horses, dogs, cats, poultry and game birds
	<i>Zingiber officinale</i> Roscoe: Ginger oleoresin CoE 489	All animal species with the exception of chickens for fattening, laying hens, turkeys for fattening, piglets, pigs for fattening, sows, dairy cows, veal calves (milk replacers), cattle for fattening, sheep and goats, horses, rabbits, fish and pets
	<i>Zingiber officinale</i> Roscoe: Ginger tincture	All animal species with the exception of horses and dogs
